Highlights of Qualifications

Patient, creative and enthusiastic graphic designer / web developer - with 10+ years experience utilizing HTML, Photoshop, Illustrator, Premiere, After Effects, Flash, CSS, Javascript, and MS Office

Experience

Oregon State University Extended Campus, Corvallis, OR :: November 2008 - Present
Multimedia Developer

- Inventing unique flash tools, games, and videos to support course materials and instruction.
- Meeting with faculty to suggest best practices and the latest web technologies available to translate their teaching approaches and personalities into today's online environment.

Solid Fuel Studios LLC, Portland, OR :: April 2008 - Present
Founder / Publisher

- Managing all operations: Art creation, print preparation and promotion of specific intellectual properties across print, video, web, sculpture, music, and other mediums.
- Creating "transparent" online tutorials, regarding every aspect of the company's formation (banking, taxes, sales, legal formation, contracts, tradeshow, brand identity, relations, etc.).

NaturalPoint Inc., Corvallis, OR :: June 2000 - April, 2008
Art Director / Web Master / Media & Developer Relations

- Designed, wrote, and maintained the 3 major products' websites linked from NaturalPoint.com.
- Prepared full page magazine print ads, online banner ads, product packaging, logos, business cards, t-shirts, flyers, tradeshow banners, CD booklets, media kits, business plans, and more.
- Created vector line-art, graphic design layouts, and freehand artwork for web & print materials.
- Photographed & photoshopped products and product usage
- Wrote, storyboarded, shot, edited, and distributed commercials and demonstration videos.
- Directly managed public relations and marketing in video gaming, visual effects, computer animation, and computer accessibility markets.
- Established and managed contacts with hundreds of video game developers and publishers to support a proprietary software/hardware interface.
